

9L MIG/TIG Welder Water Cooler

- 9L coolant capacity
- Extends the life of the TIG consumables at high amperages
- 5.3L/min minimum water flow
- 500kPA maximum water inlet pressure
- 1.2kW rated cooling power

SKU	DESCRIPTION
UTJRW-1	WATER COOLER 9L

W10 Water Cooler

- Extend the life of the TIG consumables when combined with the T3W or T4W Water-Cooled TIG Torch
- Bi-Flow Technology - a series of high-capacity cooling chambers - removes excessive heat at the source, allowing greater performance from the TIG torch
- Suits: RAZOR TIG 200 AC/DC (U12002K)

SKU	DESCRIPTION
U12004	WATER COOLER W10 SUIT RAZOR TIG 200 AC/DC

W20 Water Cooler

- Extend the life of the TIG consumables when combined with the T3W or T4W Water-Cooled TIG Torch
- Bi-Flow Technology - a series of high-capacity cooling chambers - removes excessive heat at the source, allowing greater performance from the TIG torch
- Suits: RAZOR TIG 330 AC/DC (U11021)

SKU	DESCRIPTION
U11022	WATER COOLER W20 SUIT RAZOR TIG 330 ACDC

W30 Water Cooler

- Extend the life of the TIG consumables when combined with the T3W or T4W Water-Cooled TIG Torch
- Bi-Flow Technology - a series of high-capacity cooling chambers - removes excessive heat at the source, allowing greater performance from the TIG torch
- Suits: ENVY TIG 230 AC/DC (U11024)

SKU	DESCRIPTION
U11026	WATER COOLER W30 SUIT ENVY TIG 230 AC/DC

W50 Water Cooler

- Extend the life of the TIG consumables when combined with the T3W or T4W Water-Cooled TIG Torch
- Bi-Flow Technology - a series of high-capacity cooling chambers - removes excessive heat at the source, allowing greater performance from the TIG torch
- Suits: ENVY MULTI 250 AC/DC (U11238)

SKU	DESCRIPTION
U11243	WATER COOLER W50 SUIT ENVY MULTI 250 AC/DC
